Alvaro Pisoni, Dr. Arch. U.D.
Open World Chairman
Rotary Club of Parker
6502 Windhollow Court
Parker, CO 80134

Dear Members of the Open World Delegation,

It is an honor to welcome delegates from the Republic of Georgia to the 2019 Open World Exchange Program. This program is hosted by the Rotary Club of Parker, which has a long history of supporting the community, including through connecting different cultures. Thank you for your participation.

Founded in 1999, the Open World program has enabled more than 28,000 leaders from post-Soviet era countries to interact with Americans. This year's emphasis on rural tourism provides an excellent opportunity to discover how Colorado communities are creating new tourist attractions and supporting economic growth. As part of this program, you will meet with local businesses, trade associations, economic development coordinators and more.

It is my hope that you will not only learn about Colorado's growing tourism industry, but also develop long-lasting professional relationships with business and tourism leaders from across our state. Thank you again for your participation in the Open World program and enjoy your stay.

Sincerely,

Ken Buck
Member of Congress
